

CAP FOR INSPECTOR
An automobile will be purchased at a cost of \$983.74 for the use of the city electrical inspector, Oscar Butterfield, the council ordered Tuesday night. The cost of the auto will come out of next year's budget.

GET TAX FUNDS
City Clerk A. H. Bartlett reported to the city council Tuesday night that he had received a total of \$33,314.36 from the second-half municipal tax collections from the county tax collector.

Drainage District Tax Estimated

A new county-wide levy of 3 1/2 cents will be required next year to raise funds for operation of the dozen odd county drainage improvement districts transferred to the flood control district by the board of supervisors, and to retire bonds. This is the estimate compiled by Chief Engineer C. H. Howell of the flood control district for the supervisors.

The 3 1/2-cent estimate is entirely separate from the flood control district levy, which will have to be placed at its maximum of 20 cents next year, on the basis of the budget submitted.

Formerly the cost of operating these drainage systems and retirement of bonds was borne by the district served by the system. By transferring the districts to the flood control district the cost is borne by all taxpayers in the flood control district, which takes in all of the county except Antelope Valley.

O'Connor Takes Co. Counsel Job

John H. O'Connor, member of the county council's office since 1921, this week was sworn in as county counsel and \$10,000-a-year legal advisor to the county government.

Number one on the eligible list created by the civil service commission after a special written and oral examination, O'Connor was the unanimous choice of the board of supervisors for the post left vacant by the resignation of County Counsel Everett W. Mattson two months ago.
